METRO is a full time ministry training program within a local church where the METRO trainee is disciplined by a trainer experienced in gospel ministry.

Each Trainee will be enrolled in the Timothy Partnership: Academic Studies in Theology Certificate. This study will occupy on average 0.5 days per week.

METRO is ideally suited for people who are moving towards gospel ministry roles such as Church Pastor, youth ministry, women's ministry, children's ministry, and a range of pastoral assistant roles.

- Because the Certificate is accredited by the Australian College of Theology, Austudy is available for eligible students enrolled in the program. Further information about the Certificate can be found on the Timothy Partnership website. <http://timothypartnership.com.au>
- It is suggested the Trainee's church and supporters would contribute \$14,000 p.a to supplement the allowance available through Austudy (up to \$8,500).
- The METRO fund would contribute \$6,000 pa
- From the Training Fund the administration fees, course fees and materials, and material from Matthias Media will be paid.
- The Trainee should then receive approximately \$23000 depending on meeting eligibility criteria for Austudy participants.
- It is expected that the prospective Trainee and Trainer will have already developed a training relationship
- I also undertake, if I do eventually go to a theological college and reside in New South Wales at the time, to give strong consideration to the Christ College (formerly PTC) Sydney as my training college.

More information and details concerning the METRO course, including financial arrangements, are available at www.metro.edu.au

The deadline for this application is 31 August, 2017

Compulsory INTERVIEWS for BOTH trainers & trainees will be held in late **September, 2017**. The interviews will be held at Scots Church Sydney, near Wynyard railway station.

It is expected that both Trainee and Trainer will attend the interview.
